

Office 365

A monthly subscription removes the need for large up-front costs and you only pay per user. Why wait, talk to us about Office 365 today!

Are you thinking of moving your business to a cloud-based IT solution? We believe Office 365 is the solution you are looking for; cloud-based, with a range of collaboration tools, you will be able to access your company data from anywhere, at any time.

You will see an increase in productivity using business-class email, with large mailboxes that can send message up to 25MB in size (no more 10MB limits); use the shared calendar to hold scheduled meetings with up to 250 members of your team, or ad-hoc catch-ups when you need them; online document storage, file sharing; use Office 365 on your smartphone or tablet, its Mac-friendly too; a monthly subscription removes the need for large up-front costs and you only pay per user. Why wait, talk to us about Office 365 today!

What our clients say...

Affordable IT has given us the best service I have experienced from IT providers. We moved to Affordable IT in mid 2016 and the service has been second to none. Fast, efficient and reliable. We could not recommend them enough. The depth of their knowledge and professionalism has been very impressive.

Paul Rostand, Great British Biscotti

Since the very start of Gillings Planning Ltd, George and the team at Affordable IT has continued to provide us with mountains of knowledge, support and all-round good and honest advice. If you are looking for a reliable, professional and friendly team then Affordable IT is most certainly for you!

Anna Gillings, Gillings Planning

Pure Human Resources have been using Affordable IT for over 3 years now. I am very impressed with George's ability to deal with every aspect of the IT problem we send his way! He is polite, punctual, reliable and very knowledgeable but his best attribute is talking to us in a jargon-free way. I have and will continue to recommend him to others.

Stephanie Barnett, Pure Human Resources
